

Safety Data Sheet

prepared in accordance with Commission Regulation (EU) No 1907/2006 (REACH)

FeelMyPaint Acrylic paint BASIC

Version

2.0

Issue date:

20.07.2023

Publication date of the current version

01.03.2024

Revision date:

01.03.2024

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

FeelMyPaint Acrylic paint BASIC

1.2 Relevant identified uses of the substance or mixture and uses advised against

Art-making products.

1.3 Details of the supplier of the safety data sheet

FeelMyPaint sp. z o.o.
31-980, Kraków, ul. Zagłoby 2f
Tel: +48 698 199 236
info@feelmypaint.com
www.feelmypaint.com

1.4 Emergency telephone number

Unified emergency number: 112
(999 - ambulance, 998 - fire brigade)

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

The substance is not classified as hazardous according to the CLP Regulation, EC 1272/2008 concerning the Globally Harmonised System of Classification and Labelling of Chemicals (GHS) 2015 Rev. 6.

The substance is not subject to the requirements for Safety Data Sheets under REACH, EC 1907/2006 Article 32 or the Globally Harmonised System of Classification and Labelling of Chemicals (GHS) 2015 Rev. 6.

2.2 Label elements

Hazard statements:

no hazard marking is required.

Text for labelling (CLP):

Not applicable.

Additional information on risks:

Contains: titanium dioxide; [in powder form containing 1 % or more of particles with aerodynamic diameter $\leq 10 \mu\text{m}$]

EUH208: Contains: C(M)IT/MIT(3:1), BIT, IPBC. May produce an allergic reaction.

EUH211: Warning! Hazardous respirable droplets may be formed when sprayed. Do not breathe spray or mist.

2.3 Other hazards

The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1 %

SECTION 3: Composition/information on ingredients

3.1 Substance.

water
copolymer
pigment
additive
C(M)IT/MIT(3:1) <0.0015%.
BIT <0.05%
IPBC <0.006%

3.2 Mixtures

SECTION 4: First aid measures

4.1 Description of first aid measures

First-aid measures after skin contact: Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.

First-aid measures after eye contact: Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persists.

First-aid measures after ingestion: Rinse mouth out with water. In all cases of doubt, or when symptoms persist, seek medical attention.

4.2 Most important symptoms and effects, both acute and delayed

Symptoms/effects: Not expected to present a significant hazard under anticipated conditions of normal use.

4.3 Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media: Extinguishing powder, extinguishing foam or CO₂, water.

5.2 Special hazards arising from the substance or mixture

Fire hazard: No fire hazard.

5.3 Advice for firefighters

Special protective equipment for firefighters

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

See safeguards in paragraphs 7 and 8.

6.2 Environmental precautions

Prevent spillage of the product into drains, sewers and surface and ground water.

6.3 Methods and material for containment and cleaning up

Collect the spill immediately to avoid the risk of slipping. Cover the drain and eliminate the spillage with warm water and absorbent material.

6.4 Reference to other sections

Additional information on personal protective equipment and waste management is given in sections 7, 8 and 13.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Avoid contact with skin, eyes and clothing. Avoid inhalation of filings. Do not eat, drink or smoke during use.

Personal protective equipment: See section 8. Observe legal regulations on protection and safety.

7.2 Conditions for safe storage, including any incompatibilities

Storage and container requirements: Keep container tightly closed.

Advice on joint storage

Storage class

Further details: Storage temperature: 5 - 40 °C

7.3 Specific end use(s)

Not applicable.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

The substance has no exposure limits.

8.2 Exposure controls

Sensitive persons may use protective gloves with the label "Low resistance to chemicals" tested for allergenic effects.

Use safety glasses if there is a risk of splashing.

See sections 6, 12 and 13 for information on environmental exposure limits.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance: liquid

Physical state: liquid

Colour: according to label

Odour: characteristic

Flash point: Not applicable.

Vapour pressure at 20 °C: Not applicable.

Density at 20 °C: 1.50-1.0 g/cm³

Solubility in water (g/L): completely miscible

pH at 20 °C: 8-10

Viscosity at 20 °C: > 60 mPa-s

9.2 Other information

No data available.

9.2.1 Other information Information with regard to physical hazard classes

No data available.

SECTION 10: Stability and reactivity

10.1 Reactivity

Under normal conditions of use, there are no known conditions that can cause hazardous reactions.

10.2 Chemical stability

The product is stable under normal conditions of use and storage.

10.3 Possibility of hazardous reactions

Under normal conditions of use, there are no known conditions that can cause hazardous reactions.

10.4 Conditions to avoid

frost and heat

10.5 Incompatible materials

Under normal use, there are no known incompatible materials.

10.6 Hazardous decomposition products

Hazardous decomposition products are not known under normal conditions of use.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

a) Acute toxicity

No hazards classified.

(b) Skin corrosion/irritation

No hazards classified.

(c) Serious eye damage/irritation

No hazards classified.

(d) Respiratory or skin sensitisation.

No hazards classified.

(e) Germ cell mutagenicity

No hazards classified.

(f) Carcinogenicity

No hazards classified.

(g) Reproductive toxicity

No hazards classified.

(h) Specific target organ toxicity - single exposure.

No hazards classified.

(i) Specific target organ toxicity - repeated exposure No hazards classified.

No hazards classified.

(k) Aspiration hazard

No hazards classified.

Information on likely routes of exposure

May cause mild irritation on contact with skin or eyes.

Symptoms related to physical, chemical and toxicological characteristics

No information available.

Delayed and immediate effects and chronic effects from short and long-term exposure

No effects are expected.

Numerical measures of toxicity (such as acute toxicity estimates)

No information available.

Interactions

No information available.

SECTION 12: Ecological information

12.1 Toxicity

The product is not toxic to aquatic organisms.

- 12.2 Persistence and degradability**
The product is partially biodegradable
- 12.3 Bioaccumulative potential**
The substance is not classified as hazardous.
- 12.4 Mobility in soil**
No additional information available
- 12.5 Results of PBT and vPvB assessment**
Product does not contain any PBT or vPvB substances.
- 12.6 Other adverse effects**
There are no known side effects.

SECTION 13: Disposal considerations

- 13.1 Methods of waste disposal**
The product is not classified as hazardous waste. National and local waste management regulations must be observed.
Waste substances can be composted or incinerated. Waste in the form of clean packaging can be incinerated or recycled.
It is not recommended to discharge waste into sewage.

14: Transport information

The product is not hazardous according to the applicable provisions of the ADR and RID, IMDG and IATA Codes.

- 14.1 UN number**
The product is not classified as a dangerous good.
- 14.2 UN proper shipping name**
Not applicable
- 14.3 Transport hazard class(es)**
Not applicable
- 14.4 Packing group**
Not applicable
- 14.5 Environmental hazards**
Not applicable
- 14.6 Special precautions for user**
Not applicable
- 14.7 Transport of the product in bulk according to Annex II of MARPOL 73/78 and the IBC Code**
Not applicable

SECTION 15: Regulatory information

- 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture**
EC Regulation 1907/2006 of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).
EC Regulation 1272/2008 of 16 December 2008 on classification, labelling and packaging of substances and mixtures (CLP).
The product does not contain hazardous substances.
- 15.2 Chemical safety assessment**
No additional information available

SECTION 16: Other information

The information contained in this safety data sheet is in accordance with the current state of our knowledge and with national and union legislation. Without written permission, the product may not be used for purposes other than those listed in Chapter 1.

It is always your responsibility to take all necessary measures to comply with local laws and regulations.

The details contained in this safety data sheet describe the safety requirements of our product and cannot be considered as guaranteed product features cannot be considered as guaranteed product attributes.

This version replaces the safety data sheet updated: 01.03.2024

Reasons for changes in the updated SDS: updated labeling information. Updating information about the content of biocides, updating physical properties.

BIT - 1,2-benzisothiazol-3(2H)-one
CIT - 5-chloro-2-methyl-4-isothiazolin-3-one
MIT - 2-methyl-2H-isothiazol-3-one
OIT - 2-octyl-2H-isothiazol-3-one
IPBC - 3-Iodoprop-2-yn-1-yl butylcarbamate
